RE: Becky Robbins/Mark Kamin & Associates, Inc.

To Whom It May Concern:

For the past three years, our firm has retained Mrs. Becky Robbins as our lead business consultant and coach. As the Managing Member of Wakaari LLC, I have worked personally with her as we have proceeded on the planning and development of our residential resort community in The Bahamas and its associated businesses.

Becky has been impeccable in keeping to our scheduled meeting times and coaching calls. Her ability to listen, capture and manage our focus on the specific challenges of our business has increased our management and staff's effectiveness. Her ability to look at our challenges from another perspective often forces us to more rigorously analyze problems and question our preconceptions before we take action. The results of her efforts have been more favorable outcomes, the enhancement of our vendor and subcontractor partnerships and more operational efficiency.

As I stated earlier, our business is in the Bahamas. While it is an English speaking culture, their lack of familiarity with current business practices and work ethic requires an extra measure of communication management by our staff. Becky has been very helpful in training us on the interpersonal communications necessary to get the results we need on the ground.

I would highly recommend Becky and Mark Kamin & Associates to any company seeking a business coaching/consulting relationship.

Should you need any additional information or have questions more specific to your needs and our experience with Mrs. Robbins and her firm, I can be reached at the number below or via email at [pj@wakaari.com](mailto:pj@wakaari.com).

Cordially,

Paul Johannesson  
Managing Member
