To Whom It May Concern:

This letter is being written to acknowledge the fine job of personal and business coaching that I have received from Susan Gauthier of Mark Kamin and Associates.

I've been coached by Susan for just over 2 years now with breakthrough personal and business growth.

Susan has demonstrated excellent in integrity and the ability to communicate to me what is needed and wanted such that all my goals, promises and commitments are met with clarity, ease and even play.

Sincerely,

Gary Weinstein
President
